

## **ECZM (Herpetology) Reading List**

### **Approved in 2024**

The following reading list was approved on the forum by all members of the Herpetology Specialty:

All Diplomates are required to refer to Nomina Anatomica as listed below for anatomic nomenclature, to Amphibia Web ([amphibiaweb.org](http://amphibiaweb.org)) (for amphibians) and to TIGR (former EMBL) database (<http://www.reptile-database.org>) (for reptiles) for taxonomical nomenclature.
